To whom it may concern:

This is to confirm that Evoqua Water Technologies is the sole source for Envirex™ Jet-Tech™ and Davco™ systems.

We are the OEM, and retain all drawings and proprietary rights to the 40-X Disc Filter located at Port Saint Joe, FL Facility.

Evoqua Water Technologies Corp. is the Original Equipment Manufacture of the Forty-X® Disc Filters purchased by City of Port Saint Joe, FL WWTP and as such we should be considered the sole source for materials to rebuild and repair of this equipment to guarantee factory fit, manufacturing engineering and long-term service life of the equipment.

The Forty-X® Disc Filter Systems have inherent specific design characteristics that must be utilized during any rebuild to assure the owner that the filters will operate at the most efficient mode in any state of design flow and design loading. Manufactured equipment and components and certain purchased materials are specifically designed and manufactured for use only in the Fort-X® Filters, and are specific to Evoqua Water Technologies.

Likewise, only Evoqua fabricated or specified equipment, and parts must be used to maintain any warranty - or guarantee promised effluent capabilities as specified in the original contract.

With kind regards,

Randy Sowell
