Business Items

Brownfield Resolution Request – Pioneer Bay CDC

Discussion was held as to the effects this would have on properties in the area, the concern of including Bridgeport and other areas in the proposal. Consensus was that much more information is needed before a decision is made. This impacts many families and homeowners that have not been contacted about the impact this could have on them.

Chester Davis shared his understanding of the grants that have been awarded, but also noted they have not received their money and it has been a while since they were approved.
